Dedication

At their final undergraduate class meeting in May, the senior class approved by acclamation the dedication of this book to Professors Sidney Wertimer and Eugene M. Long.

Gene Long came to Hamilton in 1953, and in nearly four decades as professor of physical education, coached ome extremely impressive teams and individual athletes in track and cross-country. His cross-country record stands t 159 wins, 72 losses and 1 tie. In track, he took Hamilton to 114-71-2 stats. Critically, he did this while never suggesting hat academics take a back seat to sport. Gene was here as Hamilton went co-ed, and doubled his coaching responsibilities vhile advocating womens' athletics. Those not participating in his varsity programs met Gene as (prior to Tom Murphy's ays) the Director of Athletics; director of IM sports; or enthusiastically teaching phys- ed classes. Gene served Hamilton s an outstanding coach who always stood by the NESCAC ideal of advocating sport to complement, but never supercede, cademics.

Sidney Wertimer, who came to Hamilton in 1952, is known to many as a professor of economics, and to all as he College Marshal. But he has been a key figure at Hamilton in several other capacities. From 1956 to 65, he was Associate Dean — equivalent to the current Dean of Students; from 1966 to 75, Chair of the economics department; and he Provost (equivalent to the current Vice President in Charge of Administration and Finance) from 1975 to 1980, when e was appointed Marshal. Dr. Wertimer has played many integral roles in the creation of the modern Hamilton. He upervised the graduation of our class; and President Payne has announced that Hamilton's mace is being retired to the Marshal's care. Wertimer will be staying in Clinton, and plans to teach accounting in the fall semesters.

Professors Wertimer and Long have given Hamilton over seven decades of combined service in an inspirational nd diverse manner. We in the class of 1991 are thankful for their experienced and dedicated paedegogy, and wish them he very best and pleasantest of retirements!

President Harry C. Payne

The 17th President of Hamilton College

Dear Class of 1991,

When my friend (unidentified, but no doubt the noblest Roman of them all!) studied the liberal arts, the curriculum was very simple and it was open only to a few aristocrats. What we teach now is far more complex and wide-ranging in its intellectual and social reach. But one constant remains — the notion that education toward wider citizenship in the world is the most essential education for young women and men.

Citizenship takes many forms. For my Roman friend, it involved participation in the affairs of the city-state. For us, I would argue, citizenship occurs wherever one exercises power and authority — in government, in business, in civic groups, in volunteer activities, and even among one's friends and family. We hope and trust that the education you have had here has opened your minds and hearts to be effective citizens in this wider sense. For, rest assured, you will inherit authority and power. You are so destined by your skills, and they will seek you out even should you flee it.

In ten or fifteen years, the odds are you will not be doing what you think you intend to do right now, but that is a mark only of the opportunities that await you and the skills that you bring. We await eagerly the results of that journey and we wish you many fruitful goings out, and many happy returns to your college.

Best wishes,

Harry Payne

A Review : In Perspective

The Debate About Divestment at Hamilton

Even back in April 1987, when the accepted members of Hamilton's Class of 1991 toured the campus, it was clear that the student body was reeling from the suspensions, the previous fall, of a dozen students that had sat-in in the administrative offices of Buttrick to protest Hamilton's maintenence of investments in the repressive country of South Africa.

The students were very dedicated in their stand; and since it was a political cause that did not threaten very many in Hamilton's student body, that body was fairly supportive of the protestors. President J. Martin Caravano, however, decided to follow through on his threat of radical action against them.

Divestment remained a major issue in campus debate during the following several years. Hamiltonians for Divestment championed the cause of disassociating Hamilton from South Africa, while the Coalition Against Racism and Apartheid and SISA worked to educate the community on the actual situation in South Africa.

J. Martin Caravano

Largely because of the public relations fiasco resulting from the suspensions, President Caravano chose to retire at the end of our first year at Hamilton. His decision was known early, and thus he was a retiring figure to our class.

An intense search for Caravano's replacement concluded with the appointment of Harry C. Payne as the seventeenth president in Hamilton's 185 years. At the time of his appointment, Payne was acting president of Haverford college. Closer to home, he had worked at Colgate University in Hamilton.

Harry C. Payne

Private Societies

No sooner had improvements in South Africa (no thanks to Hamilton's investments) begun to adapt that country to the twentieth century than another important issue aroused Hamilton students and forced them to think. The subject matter here, however, was one that hit terribly close to home — to the very homes, indeed, that over a quarter of our campus belonged to, and the majority knew as a major aspect of Hamilton's social scene.

Private societies have been a part of Hamilton for sixteen decades, and the school is very cautious about making a major change in the system. And yet, there are problems in this system: its elite ability to dodge the NY state liquor laws and thus dominate the campus' social life, and the fact that there are eight housed, all male fraternities to two female sororities that lack housing, trouble many. More than a decade after Hamilton's co-education, only one society on campus (ELS) is co-ed.

The Alpha Delta Phi house. AD's "Mother Chapter" is exclusively male, as are the other seven fraternities with houses. Phi Sigma Sigma and Kappa Delta Omega have not been offered sorority housing by the College.

ISC President Dyan Finguerra '92 defends the role of private societies in their current guise at Hamilton at May 1st's Midnight rally.

The administration asked for student voices on this issue, hoping to avoid a tyrannical decision exclusively from above. Those voices rang out during our junior and senior years from individuals, several of whom had depledged from their houses, and from HOSS (Hamiltonians Opposed to Selective Societies). On the other side, those in the societies and the Inter-Society Council argued that the decision on how to run their affairs should be left in the societies' jurisdiction.

Words and worse flew through the spring air. A speak-out at the chapel, held at midnight on May first, brought to air the questions that were troubling both sides: How could we avoid a spiteful rupture of our tiny campus over this issue; who held the answers; and how would change be implemented?

If Hamilton is anything like its NESCAC siblings, *change* at the very least seems imminent for the school's private society sytem. What that change will be another *Hamiltonian* will tell.

At an earlier speakout, Jesse Zanger '92 was among those criticizing the societies' status quo.

Hamilton may be fairly termed a Utopia, but not even here was one able to ignore the face of war. The threat grew in the August prior to the class of 1991's senior year, when Saddam Hussein of Iraq invaded his tiny neighbor, Kuwait. The United States built a coalition while urging Saddam to withdraw. He did not comply; and a U.S. led attack commenced within hours of the deadline that he had been ordered to meet in January 1991.

War!

Anti-War protesters worked to drive home the message that this war meant death.

A day-long teach-in on the war and its issues was sponsored by the Hamilton Organization for Peace on earth. Faculty members who remembered the questions of the 1960's and 1970's helped students to come to terms with questions that had sadly regained their relevance.

January, 1991

War!

During one protest of the war, some supporters of Operation Desert Storm played Bruce Springsteen's "Born in the U.S.A." and waved Old Glory.

The majority of the Hamilton student body supported President Bush's attack, according to a *Spectator* poll January 25. But the war posed moral problems for many; was it necessary? Did it have to be as intense as it was? What about the friends and loved ones who would be called upon to put their lives on the line?

Lying "dead" in Bristol, protesters aimed to recruit Hamilton students to work for peace rather than further bloodshed.

A great many Hamilton students took part in two huge marches that were held in Washington, D.C. at the end of January. Students protested the war on campus, as well. President Payne defended Hamilton's choice to allow Marine recruiters on campus in early February as being important for "freedom of speech," but the recruiters were greeted by Hamilton students in black garb and facepaint reminiscent of the Vietnam War protests. Some found the protests stimulating; others found them offensive.

Many Hamilton students marched in two huge peace marches in the Capitol.

Who says Hamilton won't get you anywhere in the real world? Last spring, Bernie Sanders, formerly noted as the socialist mayor of Burlington, VT, taught sociology at Hamilton. In November, Sanders became the first socialist elected to congress in over forty years. His campaign manager was Hamilton sociology professor Dennis Gilbert. There went our stodgy, conservative image!

Memorable Moments

Racism hit Hamilton close to home when a portrait of Hamilton's first African-American graduate, Joseph Spurlarke, was defaced in the library. The campus, led by the members of the Black and Latin Student Union, united to condemn the cowardly and spiteful act. One person's petty hatred inspired the campus to remember that our utopia is not always free of meanness, and the Hamilton community was brought together in a pact not to tolerate such attacks. Over 400 students and faculty members attended a rally outside of Burke library that inspired a commitment to better toleration in our community.

At a football game halftime, students and community member wearing black made an intense statement regarding the Spurlark defacing.

Our Environment

A now familiar sight in Hamilton's dorms: pre-sorting garbage cans that assist recycling

The reckless abuses of the 1980's led to sobering about our environment by the 1990's. As usual, it was college students that were leading the way in becoming aware and in spreading awareness. The Hamilton Environmental Club has tackled issues over the past several years that range from the very-close-to-home (demanding a cleanup of Roger's Glen) to the larger problems of the outside world: global warming, impending fuel shortages, and the like.

Recycling kicked in at Hamilton in a big way during our tenure here. Separation of trash moved from being an annoying inconvenience to being a part of life.

The not-so-good old days: wasted paper on the mail center floor

The food services complied with efforts to eliminate styrofoam and replace plastic-ware when possible with bio-degradable paper products. Even the societies joined in, cutting back on the use of plastic cups or benefitting the environment — and their own treasuries — with "bring-your-own-cup" policies at parties.

Senior Biology minor Bob Cooper won a Watson fellowship to study the effects of human populations on sea turtles along the shores of Costa Rica and possibly Malaysia or Australia.

Class of '91 WINDGIFT

The final site for our generator has yet to be determined; but look for it on alumni weekend!

Senior Steedman Bass, combining his own concern for the environment with the growing awareness of our college generation, convinced the chairs of the senior gift campaign to try something different from their original plan, a patio for the new Student Activities Village. Bass's idea was to instead give a gift that would benefit the school, save it money, *and* aid the environment.

A wind generator is naturally at home on our hilltop, one of the windiest in the country. Anyone who has braved the gusts between Dunham and the library should be relieved to see that cold air put to some good use!

Largely as a result of the nature of the gift, a phenomenolly large percentage of the class of 1991 contributed to the senior gift campaign. Over $8500 was raised, and an anonymous parent has offered to match this amount. The school will contribute roughly $20,000, upon which it will receive a 6.8 year payback and an opportunity to depreciate the investment. Over its 30 year life, the generator should save the school well over $100,000, depending on how fast utility rates for other power sources rise.

Student Activities

Student Assembly

This year has been one of challenge and change for the Student Assembly, which is adjusting to a new schedule, with the President and Vice-President term running from January to January. The new term allows for a continuity from one school year to the next and presents the opportunity to set an agenda for the upcoming fall semester over the summer months. The Assembly tries to work as a cohesive unit towards common goals. Some of those goals may be as simple as promoting effective and efficient communication between Student Assembly and the Student Body. Others may be as complicated as reviewing and revising the Academic Chambers or the funding process. The Student Assembly is the representative voice of the student body and the catalyst of every organized group, great or small. No small potatoes! However, it is a challenge that is rewarding and one the Assembly approaches with enthusiasm and optimism.

Community Council

The Community Council is the lobbying branch of the Student Assembly. The Council is designed to identify issues of concern on campus and work towards resolving them through campus discourse. This year, under the leadership of Aaron Dun, the Council tackled issues such as multiculturalism, Private Societies, and the operating hours of campus facilities.

Honor Court

The Honor Court is a judiciary body whose purpose is to uphold the Hamilton Academic Honor Code. The court has been given the power to hear possible cases of academic fraud and issue judgement. The court consists of both students and faculty who work together on an equal basis.

Was Los

This year marks Was Los' 75th anniversary as an honor society for juniors at Hamilton. While its members were originally leaders from athletics, Was Los grew to become a group of six juniors chosen for their service to the Hamilton Community in a variety of areas, including student government, journalism, academics, athletics, and other areas. This year's delegation of Was Los made efforts to revitalize the honorary society. The group learned about Was Los in years past from Was Los alumni who attended a reception held in their honor. Was Los also reinstituted the DTs, the thirteen-member sophomore honorary society which had become defunct. Most importantly, the group honored various people in the Hamilton community from staff, administration, faculty and the student body for commitment and service that often went unrecognized.

Inter-Society Council

The ISC governs Hamilton's Greek system, which hosts chapters of eight of the oldest fraternities in the country and a sorority system that has continually grown stronger since its inception in 1982. Close to thirty-five percent of our student body are members of private societies. Over the past year, the ISC has strengthened itself by moving from being a "coordinating organization" to a more powerful "governing body" by introducing a new Constitution which includes a separate Judicial Council. Members participated in a wide range of philanthropic activities, including playing a major role in the Red Cross Blood Drives and organizing a "Benefit Concert" for a New York City burn victim.

Pentagon

Pentagon is Hamilton's senior honor society and was established at the turn of the century. Its five members are responsible for promoting the best interests of the college.

Program Board

The Program Board provided the campus with a wide variety of entertainment possibilities throughout the year. The Wednesday Night Live series brought such acts as Savoy Truffle, Color Blind James Experience and Eddie Kirkland Blues to Hamilton audiences; while the Coffee House and Comedy Series sponsored acts ranging from the comedy/hypnotism of Tom DeLuca to the acoustics of Karen Goldberg, to name a few. In addition to the Series events, the Fall Semester Special headlined the I-tals, while Springfest was an exciting, entertaining event for the whole campus.

Adler Conference

The purpose of the Adler Conference is to stimulate a series of discussions about issues of interest and concern at Hamilton College. The members of the Conference then decide what changes or improvements need to be implemented. The Conference is a way of bringing together students, staff, faculty and administrators to talk in an informal setting. Though the Conference has no legislative power, it can make recommendations and initiate action.

Red Weather

".....Only here and there, an old sailor
drunk and asleep in his boots,
catches tigers
in red weather." — Wallace Stevens

Red Weather is the literary publication of Hamilton College and is produced and created entirely by Hamilton students. The magazine is published at the end of each semester. All Hamilton College students are not only **welcomed**, but **encouraged** to send samples of prose, poetry, art work and photography to the magazine. Red Weather continues to be one of the strongest and most consistent of the journal publications under the Publications Board. The magazine employs a large staff and garners a high number of submissions which insures the high quality of the material published. A student editorial board reviews each submission anonymously to ensure fairness and makes its decision by majority vote, subject to the Editor's approval.

Writer's Society

The Writer's Society piloted several new events this year. Each semester writers gave oral renditions of their works which were published in Red Weather. At Intercultural Open Readings, audiences heard poetry in both English translation and the original languages: French, Urdu, Japanese, Jamaican Creole, and Chinese, to name a few. Even though the Intercollegiate Readings, for which the English Department invited students from many prestigious Eastern colleges and universities to read their poetry and fiction, were hosted by St. Lawrence this year, the Society still held their semesterly Middle Eastern banquets. The first banquet featured Hamilton College Creative Writing majors such as Valentine Sheldon, Leah Hirsch, Scott Jones, Kirk Berlenbach, Joby Gardner, and Bill Thackeray (a very talented, nonetheless former, major). The Spring banquet featured Meehan Scholars Eric Smith and Rebecca Dodge, as well as Professors D'Costa and Odamtten. The Society also sponsored the traditional Open Readings and held several informal Writers' Workshops.

Hamiltonians Opposed to Selective Societies

1990-1991 was the second year that HOSS was a major presence on campus. Hamiltonians Opposed to Selective Societies believe that here is an inherent problem in the Hamilton Greek Society system. We live in a small community, yet this community is torn by the self-perpetuating selectivity of the campus' eight housed fraternities and two sororities.

The fraternities pose the greatest challenge, with their all-male houses dominating the campus social scene. They are out of step on a campus that has been co-ed for over a decade; and many women feel unsafe because of their presence and practices. HOSS has also aggressively opposed humiliating rush practices, and as a result, this year's pledge season was one of the quietest in Hamilton history.

HOSS is tackling an issue in which many people have significant investments; enmity was thus incurred at times. But the members of the group have not wavered in their commitment to making the off-campus social and housing options at Hamilton more fair and open to all.

HOSS facilitators include: Mandy Baker, Will Davidson, Heidi Hiemstra, Micelle Kweder, Lisa Rawson, Mark Stanek, Bill Thackeray, and John Werner

Residence Hall Council

The Hamilton College Residence Hall Council is an organization designed to foster a heightened sense of community within and between residence halls. The 1990-91 Council was composed of 35 representatives and four officers, and met bimonthly throughout the year. Under the leadership of Scott Tyler and John McCormick, this year the RHC organized blood drives, semi-formals, open mikes, barbecues and campus-wide raffles. The 1991 Hamilton College Road Race, another RHC-sponsored event, was also a big success.

The Hamiltonian

It was another year at Hamilton College; and so, while it seemed somewhat unlikely in September, Lo and Behold there *was* a yearbook. Someone is reading it right now. A very small, remarkably dedicated staff jumped on the Hamiltonian bandwagon. Credits are in the back; they are worth reviewing, for the yearbook staff exhibited intense devotion to preserving 1991, the year and the class, in a printed and bound display. It is rumoured that 1992 will be another year; and that Hamilton College will graduate yet another class. If so, there is good reason to believe that the torch will be passed, and yet another regal tome will line the aged shelves. Huzzah!

The Spectator

The Spectator, first published as *Hamilton Life* in 1898, has a staff of about forty people who put together a weekly paper averaging twenty-eight pages. From Tuesday until Thursday evening the editors slave away, finishing their product by dawn on Friday morning so that it is in the hands of Hamilton students by dinner Friday night. *The Spectator* is highly acclaimed by experts in the field of journalism. Every facet of the publication has been praised, from writing to design. *The Spectator* continues its dedication to serving as a wide-ranging newspaper of record for the Hamilton Community.

WHCL

Approaching its third decade of broadcast excellence, WHCL continued to bring a diversified slate of 24-hours a day programming to the Hill and the Mohawk Valley this year. WHCL broadcasted nine different genres of music, including Jazz Sunday and Lunchtime Reggae, as well as Continental athletics and news. With over 100 Hamilton students and faculty contributing to the station, WHCL remains, as always, Clinton's #1 Radio Station.

TheWag

Editors-in-Chief Meredith Chamberlain and Tim Fellman led a fall production of *The Wag*'s second video, "Hamilton: A Place", a takeoff on the famous admissions' "Very Special Place" video. Geoff Gallo and Dean Bottino took over as Editors for Spring term and forged three projects: the first, a surprise campus mailing that they would later regret; the second, a health center brochure that was true to *The Wag*'s recently acquired motto, *"If you don't think it's funny, you're not alone"*; the third, a highly controversial Hamilton clothing and accessories catalogue. Geoff summarizes the final publication best: "The [catalogue] is both masturbatory and profane, yet I find myself drawn to it."

Perspectives

Revived after a four year absence, *Perspectives* (formerly called the *Student Course Guide*) was published in the spring. It aims to help students in planning their academic schedules by presenting information about courses such as: student ratings and views, faculty comments, and whether or not a course was closed. *Perspectives* was distributed to all students except seniors to help them in choosing their courses for next year.

Colors

Colors is a literary magazine created by students of color as a vehicle to express their attitudes, interests, opinions and political concerns. The magazine is very popular and widely-read within the multi-cultural community. *Colors* is not exclusively for students of color, but is an expressive voice of the multi-cultural community, and as such, is meant to be enjoyed by all.

Discourse

Discourse is Hamilton College's political journal. It was founded in 1985 to facilitate campus-wide discussion of current events. Published semesterly, this year *Discourse* has established a standard quality format. Under the leadership of Editor-in Chief John Refermat '91, the 1990-91 editions of *Discourse* contained a variety of provocative esays, representing a wide spectrum of political persuasions and international backgrounds.

Christian Fellowship

The Inter-Varsity Christian fellowship is an interdenominational group that is comprised of students from many different and diverse Christian traditions united by the bond of Jesus Christ. Members of the Fellowship share a commitment to Him, as well as to one another and the community. They meet regularly for lectures, Bible Studies, prayer and worship, with much emphasis on personal Christian growth and Evangelism.

Hillel

Hillel provides religious and cultural services for Hamilton's Jewish community. A few of the many events offered by Hillel are High Holiday services, a community Passover Seder, Friday night Sabbath dinners, and Sunday bagel brunches. Hillel also sponsored films about the Holocaust and brought speakers to campus for discussions of current interest in the Jewish community. Among the prominent speakers this year was Professor Sister Rose Thiering from Seton Hall University, who reflected on her views of the Holocaust. Some of the other speakers brought to campus were Dr. Mildred Pollner, Professor Judith Baskin, Professor Alvin H. Rosenfeld, Professor Marcia Friedman, and Professor Sol Gittleman.

ISA

The International Students' Association (ISA) promotes international cultures represented in the College community. Besides sponsoring folk and film festivals, ISA also conducts major campus events like the International Weekend and International Student Orientation. It also facilitates interaction among international students at Hamilton.

BLSU

The Black and Latin Student Union's goals, as stated in its constitution are "to promote the cultural enrichment of the Black and Latin students of Hamilton College; to heighten the consciousness of, and deepen the appreciation of, the Black and Latin students in the Hamilton College community..." The BLSU organized and sponsored events and speakers this year to fulfill those goals. One such event was the "Farewell Seniors" barbecue, held during Senior Week, which everyone enjoyed.

SISA

"The people of South Africa are engaged in one of the longest liberation struggles in the world. SISA (Sisterhood in Support of Sisters in South Africa) is a non-profit organization committed to raising funds for the oppressed peoples of South Africa and increasing awareness of the need for realization of majority rule and social justice. The name SISA means mercy in Xhosa. Our major aim is to link hands and resources with our sisters in South Africa on the basis of the everyday necessities and activities of their lives. The [national] organization was formed in November 1984, by Gloria I. Joseph, educator/activist, author, and college professor, with the objective of channeling some of the rich resources available among the North American women toward direct aid to our South African sisters and their families."—SISA pamphlet. The Hamilton College chapter of SISA formed this year with the support and encouragement of Andrée Nicola-McLaughlin, Jane Watson Irwin Visiting Professor of Women's Studies, and one of the founding mothers of SISA.

Model UN

The Model United Nations Club is a great opportunity for students to learn about the chess game known as international diplomacy. Colleges from around the country send student delegates to represent countries that are members of the United Nations. This year, Hamilton's Model UN chapter participated in the University of Pennsylvania Model United Nations Conference (UPMUNC) in the fall and the Harvard National Model United Nations (HNMUN) in the spring. Hamilton's delegations were very successful and won awards at both conferences.

Amnesty International

Amnesty International is currently celebrating its thirtieth year as an independent worldwide movement working for the international protection of human rights. It seeks the release of men and women detained anywhere because of their beliefs, color, sex, ethnic origin, language or religious creed, provided they have not user or advocated violence. It opposes the death penalty and torture or other cruel, inhuman or degrading treatment or punishment of prisoners. The Hamilton chapter of A.I., in conjunction with approximately 2800 student chapters across the U.S., wrote letters to governments around the world, seeking the release of prisoners of conscience and protesting human rights violations. They attended regional A.I meetings to pool information and discuss ideas for activities. The members of Hamilton's A.I chapter worked on the cases of countless political prisoners and attempted to increase awareness on campus about A.I and about human rights violations through the use of Open Mikes, petitions and letter-writing tables.

Fishing Club

Established this year, Hamilton's first ever fishing club took advantage of some of the best trout fishing found anywhere. Through pre-season workshops on fly-tying, casting and strategy, anglers of all abilities were able to prepare themselves for fishing on local streams. Through the club, students and faculty were able to learn a hobby which will last a lifetime and whose only prerequisite is enthusiasm.

Geo Club

This year, the Geo Club sponsored a diverse array of activities open to the Hamilton community, including lectures and field trips to Herkimer diamond mine and fossil collecting. The Geo Club's intramural team, Team Geo, competed in soccer, volleyball, and hockey this year. Next year, the Geo Club hopes to expand its list of activities.

Circle K

Circle K is a student run campus and community service organization sponsored through Kiwanis. It is an international club that works together under themes such as "Invest in our future" and "No turning away" from the needy, to attack some of society's problems and build a better world. In addition to providing services, Circle K participated in activities like intramurals sports, barbecues and interclubbing with other Circle K clubs from around the state. Some of the more recent projects Circle K participated in include: a walkathon for the House of the Good Shepherd, GED tutoring, selling boxer shorts for charity, a Giving Tree for underpriviledged children, various projects for the Mohawk Valley Apartments (a home for the handicapped), reforestation, Trust Treat, and Kids on campus, where the club organized carnival activities for underpriviledged children.

Rape Crisis

Through HAVOC, Hamilton's student volunteers work a number of jobs for the Rape Crisis Services in Herkimer and Oneida counties. These jobs include taking calls on the 24-hour hotline, providing face-to-face counseling, and serving clients as advocates in court. Some members are also community educators, and others are actively expanding education and awareness about sexual assault at Hamilton.

Hamilton Speech and Debate Union

The Hamilton Speech and Debate Union is solidifying after a slow period in 1989-1990. Their first debate off campus was cancelled due to sickness and workload, but they recovered to have a stellar end of the semester dinner. The Union engaged in a debate with Colgate, which they hope to institute as an annual event in addition to scheduling debates with other schools.

Resident Advisors

The 1990-1991 Resident Advisor staff is comprised of forty-six students whose primary responsibility is the development of a residential community at Hamilton College. In fulfilling this responsibility, RAs focus on creating residence hall environments which are conducive to learning, personal development, and the respect and appreciation of individual differences. Toward this end, RAs serve as administrators, peer counselors, and information resources. They also plan social, cultural and educational activities for students in the residence halls, including campus-wide events through the Resident Advisor Program (RAP) Series. The RA staff works closely with the Office of Residential Life, and with each other, to make Hamilton a better place.

Tourguides

Prospective students often see the Tourguide as the sole representative of the student body as a whole. Our fifty-plus troupe of enthusiastic tourguides has a huge impact on the admission process as a whole. They are a wonderful group who posess a keen love for Hamilton as well as an ability to walk backwards while talking. The tourguide program runs thirty-five tours a week, all on a volunteer basis. Our tourguides are not given a script from which to read, but for the most part, speak of their own experiences at Hamilton. Tourguides really do posess the power to influence a prospective student.

Peer Advisors

The Peer Advisor Program began offering its services to Hamilton students for the first time this year. The Peer Advisor program was designed to increase the awareness and development of positive personal development, along with good mental health. Student volunteers provided an alternative resource for their peers who needed to talk out problems and concerns. The services within the program include face to face appointments, a call in telephone line, a weekly column in *The Spectator* called "Mind Matters", and educational workshops. The student volunteers received over 40 hours of training covering a wide spectrum of issues that ranged from basic counseling techniques to stress management, anxiety, eating disorders, and relationships. Respect for confidentiality is a basic assumption within the Peer Advising Program.

Student Arts League

The Student Arts League is an organization dedicated to expanding the awareness of the campus population in the realm of the visual arts. It seeks to offer programs and opportunites for the campus to share in the membership's love of the visual arts. This past year, the League sponsored Eric Ross, a well known performance artist, and organized an excursion to Boston to see the controversial Robert Mapplethorpe exhibit. Other events included a student art show in the coffee house designed to increase the campus awareness of the art being produced here at Hamilton, and the birth of a program designed to attract major motion picture directors to the Hill. Next year the League has plans to initiate a new art publication for the campus, and there are tentative plans for Mr. Martin Scorcese, director of *Good Fellas* and *The Last Temptation of Christ,* to come to the campus and speak about his pictures.

Student Dance Alliance

The Student Dance Alliance is a recently formed group motivated by Tresa Randall '93 and Helen Wielgus '93, who were looking for a way to bring the pleasure and enjoyment of Dance to the entire Hamilton community. In 1990-91, The Alliance sponsored two lunchtime improvisations, a workshop in street dancing, a ballroom dancing workshop (held in conjunction with the RAP series) and a final exam relaxation workshop. The twenty five members of the Alliance hope to serve as an impetus for inundating the campus with the spirit of the performing arts, with the ultimate goal of taking dance out of the classroom and into the everyday world.

H.O.P.E.

After a quiet fall semester, educating the community on the Persian Gulf War became the Hamilton Organization for Peace on Earth's main focus in the spring. H.O.P.E. organized a teach-in on the Gulf War, an all-day event including small discussion groups, formal speakers and a speak-out. Members attended the Peace March in Washington as well as the March for Peace in Utica, which attracted over 500 people. As military involvement in the Persian Gulf fizzled, H.O.P.E. found a new focus: Tibet. The H.O.P.E. newsletter, created in order for campus organizations to present world issues, committed its first issue to Tibet and its long battle for freedom against Chinese rule. H.O.P.E. received both criticism and applause from the community for its actions. However, meetings attended by over forty people and a mailing list of over eighty people, all committed to working for peace, proved that H.O.P.E. was one of the strongest, most energetic organizations at Hamilton.

H.C.E.M.S.

Hamilton College Emergency Medical Service is a student run, volunteer organization with a least two students on call 24 hours a day, every day of the week. This year there were 6 NYS certified Emergency Medical Technicians (EMTs) and 5 Advanced First Aiders in the service. These students responded to about 100 medical emergencies on campus throughout the year, ranging in nature from minor to extremely serious. If an emergency arises, a security dispatcher pages the EMTs, who respond in an average time of two minutes. After treating the patients using equipment which is stored in the Security van, the EMTs transport the patient to the Health Center for further care. The H.C.E.M.S. is truly one of Hamilton's most valuable resources.

H.A.V.O.C

HAVOC (Hamilton Action Volunteers Outreach Coalition), the largest student organization at Hamilton, enjoyed its most successful year ever! HAVOC's purpose is to accomodate volunteer and outreach programs on campus, to place volunteers in those projects and to serve as a resource to which the entire College may look for education and volunteer opportunities. Although numbers fluctuate each semester, this year an average of 140 students volunteered in HAVOC's 14 weekly Projects, which ranged from tutoring adults on literacy, to befriending the young boys at House of the Good Shepherd, to working in Utica's soup kitchens. In addition to HAVOC's weekly Projects, it is estimated that one third to one half of the Hamilton Community has volunteered this year through HAVOC's Group Projects which included a CROP Walk, Oxfam America, Bands for Cans, and the National Hunger Cleanup.

A.C.S

Relying heavily on the community's interest in Asian culture, the Asian Cultural Society acts primarily as a support group for Asian and Asian-American students as well as continued promotion for on-campus literacy programs. The society offers an introduction to several aspects of Asian culture such as a celebration of the Chinese New Year and several Japanese tea ceremonies. During multi-cultural weekend, the A.C.S. continued to follow its informative path by bringing students from diverse backgrounds to Hamilton. Throughout the year, they brought to campus speakers and lecturers such as Ven Lobsang Jinba who enlightened the campus with on-going Asian issues. The A.C.S., in conjunction with the Christian Fellowship Society, emphasized the importance of the Children of the Dust (American/Vietnamese teen-refugees) by running a campus-wide clothes drive.

F.F.F.S.

In 1990-91, the Fun Folks from the Foreign and Fine Film Society (known as 3FS in politically correct circles) continued the tradition of presenting high quality, affordable films for the cosmopolitan set of Hamilton College. 3FS showed films from all corners of the globe, including the U.S.S.R., France, Japan and Brooklyn. Audiences laughed during Woody Allen's *Bananas* and Juzo Itami's *A Taxing Woman*, were horrified by the true story of *Sid and Nancy*, disgusted by the cannibalism in *The Cook, the Thief, His Wife and Her Lover*, cried during the romantic retrospective of famous kisses in *Cinema Paradiso*, and were stunned by the beautiful cinematography in David Lynch's *Blue Velvet*. 3FS will continue to provide thought-provoking and entertaining films to the Hamilton College Community in the future.

Blockbuster was the name of the game asthe Sam Kirkland Film Society brought some of the top films of 1989-90 to Campus. Both semesters were headlined by hits such as *Ghost*, *Flatliners*, *Die Hard 2*, *The Little Mermaid*, and *Bill and Ted's Excellent Adventure*, while cult classics like *Heathers*, *The Blues Brothers*, *Murder by Death*, and *The Lost Boys* were mixed in to round out the seasons. Some posters and t-shirt giveaways were tried to attract greater crowds, and the return of the Friday Night Movie showings gave everyone three chances to see each movie. Still only one dollar, SKFS continues to offer students the chance to see major films without breaking the bank.

Hamilton College Democrats

This year the Democrats brought two Washington D.C. publications, "Roll Call" and "Hotline", to the Hill. These publications highlight the recent events on Capitol Hill. The group co-sponsored the fall voter Registration drive with the Hamilton College Republicans. The Democrats were also quite active in the 1990 Elections, sponsoring a talk by Anita Maxwell, the Oneida County Democratic candidate for the New York State Senate, as well as assisting Maxwell in her campaign. On Election Night, the club phoned in the state results to a national news agency. Members went to hear Mario Cuomo speak in New York Mills, to nearby Utica College for a meeting with Geraldine Ferraro, to a State Young Democrat Board Meeting in Manhattan and to the state capital in Albany, as well as continuing to solicit funds for H.A.M.P.A.C., Hamilton's own Democratic political action committee.

Bike Co-op

After a decade of existence, the Bike Co-op continued to serve the environmental and health conscious needs of the Hamilton community. With a fully stocked service center, the Co-op's trained technicians were on call every Wednesday night in the basement of Benedict Hall. The group organized trips to regional state parks and other local hot spots such as the reservoir, the Kitchen Gulf, Potter's trail and the Nice-n-Easy trails. The Co-op is an environmentally aware, non-sexist, non-selective organization which attempts to inform all who are interested in the pleasures of cooperative biking. See you on the trails...

Outing Club

The Outing Club is a group of intrepid people who like to participate in many forms of outdoor recreation. In the last year members have gone hiking, snowshoeing, canoeing, cross-country skiing, rock-climbing, and biking. Most of the Club's trips are into the Adirondack Park. There is a core group of officers that plan and run most of the trips during the year, but they are always seeking new leaders and trip ideas. Some of the longer trips are the annual October Break trip and January Cabin trip to the High Peaks. A large portion of the budget the club receives is used to buy equipment that is made available to the college community for a membership fee of $6 per year. The Club has tents, backpacks, sleeping bags, stoves, pots and pans, canoes, skis, snowshoes, crampons, and ice axes. People are encouraged to borrow Club equipment and run their own trips throughout the year since Club trips are limited in space.

HEAG

The Hamilton Environmental Action Group (HEAG) continued its succesful program of high-impact, low-publicity environmental stewardship. Highpoints of the 1990-1991 year included convincing the school to install high efficiency compact flourescent bulbs, working with Physical Plant to initiate a program of Integrated Pest Management, reducing campus toxics use, initiating the use of recycled paper in campus publications and organizing a dorm energy competition. The class of 1995 will be the first to benefit from HEAG's Environmental Orientation. HEAG also piloted a successful effort to plan the installation of a Jacobs 20KW wind generator on the Hill.

The Hamilton College Choir performed several times this year. In the fall they sang in a celebratio of Polish classical tradition, and a concert of Modern American composers. During winter break the Choir toured the southern United States, including Atlanta, Georgia, Richmond, Virgina, an Washington, D.C. In the Spring the choir performed Mozart's Missa Brevis.

Special K

Before each performance a member of this group describes them... "We're here to sing for you in the fine standards of the tradition of Kirkland College. We're all women and all funloving and all dedicated to making good music. Sit back and enjoy! We're not just for breakfast anymore!"

Hamiltones

The Hamiltones, offically chartered in 1988 by a small group of men and women who discovered and pursued a mutual love of singing, has developed into an established, co-ed, a capella singing group on the Hamilton campus and beyond. This year they sang to an enormous Parent's Weekend crowd, and are planning studio recordings for the 1991-1992 school year. This year's seniors will be remined of the 'Tones not only by their traditional parting pewter steins, but also by songs like Buttercup, Jungle, Come Softely, Blackbird, Me and Julio, and Down on the Corner, which have been permenantly etched into their musical memories.

Buffers

With the release of their first album in the fall, EAT, the Buffers began their crusade to bring laughter to as many people as possible. The guys in Buff-n-Blue spent October break singing to audiences all over the east coast, and made an appearance on the comedy/talk show "Afterdrive" on the cable comedy network HA! The Buffers have never been satisfied with "singing" onstage. Lampooning, slapstick, joke-telling and power tool usage are just as important to a Buffer show as the notes that are sung.

Flute Choir

A group which began in the class of 1991's first year, flute choir performs music from the sixteenth to the twentieth centuries arrainged for multiple flutes. Phi Sigma Sigma Sorority

"Originally founded as Kappa Delta Omega in 1982 as an alternative for women on the newly co-educational cam pus, our sorority joined the national organization, Phi Sigma Sigma in the spring of 1989. Though now affiliated wit this national group, our chapter still holds to its original ideals of existence to remain a non-selective society for wome on the Hamilton campus, which remains a campus with a male-dominated social system.

"The Epsilon Mu chapter of Phi Sigma Sigma has undergone a few changes this year. We moved out of Delt Kappa Epsilon after our five-and-a-half year stay with the return of the DKE Tau brothers. While this change has le our sorority living in small but cohesive groups around campus, it also removed the burdensome task of maintaining th house. We met weekly for sisterhood meetings and held many sisterhood functions. This year we held a number c successful social functions, educational workshops addressing the issues of women's health care and acquaintance-rape and co-sponsored a self-defense work-shop open to the entire campus with Phi Beta Chi. We also held coin drives an a 50/50 raffle to benefit the National Kidney Foundation. Additionally, the new school year brought a chapter adviso Terri Mennig, a KDO alumna living in the area was recently initiated into Phi Sigma Sigma and has been advising us. We are also extremely proud of Dyan Finguerra '92, who was elected this year to be the sorority's second Inter-Society Council President."

"Phi Beta Chi is in its sixth year of existence as one of Hamilton's two sororities. Founded as an organization for women, it functions to provide about seventy-five women, including first-ye students, with a single-sex alternative to Hamilton's often male-dominated campus. Presently the sophomore cla resides in Bundy East dormitory and has the use of the lounge and basement facilities for meetings, workshops ar parties. In the past year Phi Beta Chi has worked on campus and in the surrounding community on various social servic projects. The class of 1994 consists of eighteen first-year students and two sophomores. Although Phi Beta Chi is young, local society, it continues to strengthen and flourish with each successive year."

The Emerson Literary Society

ELS

"1990-1991 was a normal year for ELS as cooks went insane, Cabaret entertained, the saltesea poured and we never got bored.

"The Emerson Literary Society of Hamilton College was founded over a century ago as an alternative to the secret and selective social fraternities that dominated the campus. It was held to its principles in 1979 when the college went co-ed; Hamilton's only local, non-Greek letter society is still the college's only co-ed society more than a decade later.

"By year's end, nearly fifty undergraduate members represented an impressive diversity from the Hamilton campus. Members of the cross-country, basketball, crew and swim teams; Spectator editors; Republicans, Democrats, and those endorsing or contending nearly every issue of the day. Still, our house motto rings true: "Valiance and wisdom lead to victory, together and individually."

"ELS is a place where diverse people move to live and work together in an atmosphere of intellectual stimulation. Working together to keep the house clean and the food on the table is an important growing experience."

Delta Phi Fraternity

"The year of 1990-1991 was a year of growth for the Chi Chapter of Delta Phi. After initiating eighteen new brothers in the Spring of 1990, the house looked forward to an exciting new year.

"In the Fall, President Richard Russell worked on building a stronger and more unified house. Through a` variety of in-house functions, the new brothers were able to learn more about the older brothers. As the semester progressed, the house helped out in a variety of philanthropic ever on campus including Trust Treat and the Red Cross blood drives. The Fall Semester ended with our traditional Christmas party.

"In the Spring semester, Delta Phi continued to work towards the future. The house sponsored a flower sale for Valentines Day. T proceeds from the sale went to the ABC House. Matt McDowell was elected president for the Spring term and led the house to one of its mo successful semesters ever. In May, the house had the honor of inducting twelve new brothers into Delta Phi.

"Throughout the year, members participated in a wide range of campus organizations. From Root Jessup to Hamilton College orche tra, one could find a Delta Phi wherever one went. With such involvement in campus events, Delta Phi looks to contribute even more to the H milton community in the future."

Sigma Phi Fraternity

"The Sigma Phi Society, one of the oldest in the nation, is currently celebrating its 160th year at Hamilton College Founded in 1831, the Society's illustrious history serves as an inspiration and foundation to all of its friends. Thos involved with the society are constantly striving to become leaders, as well as purposeful followers, in and around cam pus. Their contributions towards campus-wide organizations, athletics, and environmental concerns are frequently her alded by the Hamilton community at large.

"The grandiose architecture of the Sigma Phi house can be viewed through the windows of the Burke Library and undoubtedly, inspires students intellectually as they look up from their studies and gaze at the voluptuous feature of the abode where all Sigma Phi friends have come and gone. The colorful spring and summer garden is symbolic o the beauty and strength that flows in and out of Sigma Phi and, eventually, the entire environment in which we live Sigma Phi enthusiastically steps into its 17th decade with optimism."

"Hamilton's only non-secret Greek soci-y, Delta Upsilon has been in continuous existence nce 1847. Our four founding principles are the ad-ncement of justice, the development of character, e promotion of friendship, and the diffusion of eral culture.

"The 1990-1991 academic year was a ry successful one for D.U. With an enthusiastic d motivated group of brothers, D.U. has focused efforts toward establishing itself as a model for e rest of Hamilton's societies to follow.

"In conjunction with the ISC, D.U. volunteered their services toward such charitable events as Trust Treat, Havoc Dance-a-thon, Hunger Cleanup, Toys for Tots, Utica Kids Day, and the Grady Benefit singing contest.

"Our members are leaders in all types of activities at Hamilton. Sixty-three of our brothers are members of varsity sports, and eight are varsity sport captains. Other ways that brothers have distinguished themselves include making the dean's list, serving on the student assembly, acting, serving on the J-Board, and in the capacities of WHCL General Manager and Wag Editor-in-Chief.

"In addition to one professional football draftee, the D.U. Class of 1991includes students proceeding to Graduate School in Law, Public Policy, Psychology, and Medicine."

Alpha Delta Phi Fraternity

"As the largest fraternity at Hamilton, the Alpha Delta Phi is an integral part of the system. A.D. was founded on the Hill in 1832, and since then it has grown into an international fraternity having 40 chapters representing institutions of higher learning throughout the United States and Canada. As the Mother chapter, we work to uphold the A.D. traditions of endeavoring to achieve academic excellence, diversity of membership, constructive social participation, and service to the community. Alpha Delta Phi is noted in particular, for its superfluous dedication to numerous philanthropic and charitable causes. Alpha Delts firmly believe that the fraternity experience develops the entire man while cultivating lifelong friendships."

SPORTS

Field Hockey

The Hamilton College Field Hockey team, despite a disheartening 2-0 loss to Oneonta in the first round of the NYSWCAA Championships, soared to its best record ever by winning 10 of 14 games this season, including eight shutouts. The .750 winning percentage is one of the best in the history of Hamilton women's sports. Midfielder Pam Johnson claimed the Hamilton scoring title with eight assists. On defense, Suzanne Singer will be lost to graduation, as will regional All-American Tracey Turnbull and Tracey van Straaten.

Team Roster: Suzanne Singer, Anne Hughes, Pam Johnson, Heather Harper, Karen Dronzek Sarah Mosher, Flo Wilmerding, Connie Douglas, Melissa Beebe, Joan Mendelson, Allison Porte Ashley Wilberding, Kerry O'Malley, Giselle Baluarte, Amber Crabtree, Emily Crane, Trace Turnbull, Tracy Van Straaten.

Cross Country

Scaling the hills of Williams or sailing the mirror-flat trails of Bowdoin, plodding through five inches of freezing sleet or racing under 70 degree skies, chasing the elusive "personal record" or pursuing the coveted National Championship, the caliber of this season's team is undisputable. Great runners and two powerful teams assembled to test their mettle against stop watch, terrain, other runners, and themselves.

The women's team had an especially good season, ending undefeated with an 8 - 0 record. Seniors Bonnie Hiatt, Lara Hansfield, Betsy Nathan, and Carol Cowingwere among those who turned in outstanding performances and will be missed.

Rigorous training under the careful supervision of Coach Long molded X-C into a cohesive, high-spirited, competitive, and mutually supportive crew. Thanks, Coach!

The team will especially miss its illustrious captains Bonnie Hiatt and Chris Cunniff, and all the depart ing seniors. Not only are they dedicated runners, they are athletes in the tradition of Hamilton athletics.

Overall, the season was a successfulone for the volleyball team with a 21-15 record, highlighted by the strong play of Pam Patterson, nne Carlson, Ciarda Henderson, Julie Sheldon and Laurie Pordum. Patterson, who was ranked tenth in hitting in the NCAA Division III, also ad the team in hitting and kills. Although this season was impressive, Hamilton volleyball can look forward to more improvement next year, the entire team will be returning next season. If they continue to have a high level of determination and energy, the team can only be stronger the future.

Women's Tennis

Football

The football team ended it's 2 - 6 season with a tough loss to Union, which was the final contest for nine seniors. The team lost three outstanding linebackers, Jon Kleinman, Rick Mershon and Geoff Gallo. In the secondary, the team said good-bye to Rick Jones, Dick McIncrow, and Drew Kilber. Offensively, pre-season All-American Kieran Clair, Bob D' Orazio, and Pete Laird all graduate as well.

The 1990 season was highlighted by victories over Colby and Bowdoin, coming early in the season.

Despite a season ending loss to Hobart, the men's soccer team completed its best season in three years, ending with an 8 - 4 - 2 record. The highlights of 1990 began with a very strong effort against Williams College. Other memorable matches against Skidmore and the University of Rochester followed. Team contributers included Stephen Schlagenhauff, Chip Koester, Steve Berkeley, Jeff Schraver, and Co-Captains Nils Kulleseid and Tom Bacon, who registered five shutouts in the goal. The team's best effort of the season was a 4 - 0 blowout of St. Lawrence. With just four starters graduating, the team should have an even better season next year.

Women's Basketball

The Hamilton College Women's Basketball team fought all year to gain respect. It won 13 of its first 14 games, including nine in a row, but never gained a spot in the East Region's top ten. Only after a 64-60 victory over Albany and a 21-2 regular season record did the Continentals finally move into the number ten spot and earn a berth in the NYSWCAA Tournament.

Hamilton finished with a 22-3 record and set a new standard for number of wins in a season. Alison O'Brien, who led the team with 301 rebounds, finished her career with 757 boards, breaking the career rebounding record of 710 set by Julie Chanantry in 1979-83. She also broke her own season rebounding record of 258 set last year. Julie Sheldon, who led the team in scoring, finished with 462 points. Julie Diehl finished second in both points and rebounds, adding 278 and 223 respectively.

Men's Basketball

The Hamilton College men's basketball team was finally awakened from its dream season. The squad walked through the regular season beating teams by an average of 24.5 points a game, won four tournaments, remained the number one ranked team in Division III for five weeks, and ended the regular season undefeated. Hamilton won 32 consecutive games and inspired articles in most major newspapers, ending with a 32-1 record. Mike Nelson led the way for the Continentals this season by scoring 21.1 points a game. Mike Smith led Hamilton and the nation in rebounding, grabbing 16.0 a game.

Hamilton will lose the services of two seniors, four-year starter Mike Nelson and four-year varsity player David Ferris.

Swimming and Diving

The women finished their season with a 4-5 record, a second place finish at the State Championships, and a dozen school records broken. Two swimmers, Kristin Michaelsen and Valerie Gude, qualified to swim individual events at the National Championships.

The team loses seven swimmers to graduation; Kim Bresee, Laura Broenniman, Margaret Brown, co-captain Colleen Martin, Jessie Toland, Kristen Williams and Alison Scott.

Although the men's swim team capped off the 1990-91 season with a disappointing 3-6 record, the season ended on a high note with a sixth place finish at the State Championships.

Coach Thompson seemed pleased with this year's results. "We're a fairly young team. This year we lost a lot of our top swimmers to graduation and to study abroad. Next season, the only one we're going to miss is (senior co-captain) Dave Dammerman. We have a lot of underclassmen. This year has been really good for strengthening and rebuilding the team."

Team Roster: Kim Bresee, Laura Broenniman, Margaret Brown, Colleen Martin, Jes Toland, Kristen Williams, Allison Scott, David Dammermen, Rebecca Corris, Mag O'Hara, Karin Ramstad, Lisa Sporte, Eric Feldstein, John Werner, Max Wunderle, Vale Gude, Marla Jenks, Kristin Michaelsen, Gretchen Ramos, Juliet Estridge, Matt Kirby, Z Peled, Ben Roye, Brian Aho, Jennifer Samp, Kate McCleary, Jennifer Herndin, Ka Goldberg, Meghan Hughes, Patricia Wojcik, Andy Agnello, Tonya DeMyer, Greg Schwa Gil Nahmial, Jason Haas, Tony Rodriguez, Tim Lynch.

Men's Track

To the joy of Hamilton fans everywhere, the 1991 Cont nental Men's Track season got underway impressively b crushing its cross-state rival, the Union Dutchmen, with 121-39 score. The team also performed well at the Alban Invitational, with stars Lynwood Stagg, a hammer throwe Chris Wheeler on the pole vault, and Jason Tremlett o several events.

Roster: Desmond Bailey, John Briesh, Ed Collins, Sco Dorrity, Sean Epps, Chris Falkenberg, John Forteny, A thony Gragg, Eric Grey, Colin Mazzola, Dan McElhinne Chris Moser, Ed O'Donoghue, Jason Rinsky, Joe Salvator Lou Shapiro, Scott Shipley, Josh Silverstein, Lynwo Stagg, Mark Stanek, Jason Tremlett, Ken Welcizka, Chr Wheeler, John Werner, Bill Zedlovich

Women's Track

1991 was a year of excellent performances for the Women's Track team. All American Lara Hansfield Dominated the 3000 along with teammates Bonnie Hiatt and Christa Ehmann. Other stellar performances were by Kathy Cellar in the high jump and Julie Diehl in shot put, javelin, and discus.

Roster: Doreen Burda, Kathy Cellar, Kathleen Cunniff, Jennifer Eby, Christa Ehmann, Beth English, Juliet Estridge, Lara Hansfield, Bonnie Hiatt, Heather Miller, Kristin Savory

Tennis

After a 6-5 season, the Continental tennis squad picked up their rackets and headed to the NESCAC tournament at Middlebury (April 26-28), where they placed eight out of eleven teams. Although the team did not finish well, Coach Kelley McElroy is undaunted. "I think we did really well this year," she reflected. "All our losses were to the top teams, so I really am not that disappointed."

olf Roster: Mark Milhench, Iarc Simon, John Baumjand, Tim Iurphy, Jim Aggar, Bruce Simon, reg Fedorcik, Mark Ruxin, Dave aget, John Civerche

Men's Golf

The Hamilton Continental Men's Golf Team attempted to defend their 1990 NESCAC Golf Championship at Williams College's Taconic Golf Course on April 28-29. Ranked eighteenth in the latest national Division 3 poll, Hamilton was expected to contend for the championship along with other regional powers Williams and Amherst. During the first day's competition, the Continentals, led by sophomore Mark Milhench's two over par 73, were able to handle the slick Taconic greens, the most difficult they had encountered all year, and take a four shot lead over Amherst. Junior Dennis Williams was also among the first day's individual leaders with a 79. The second day of competition saw scores soar as the fast greens and difficult pin placements took their toll on the contenders. The Continentals were unable to match their performance on the first day, and finished eight shots behind tournament winner Amherst. However, Hamilton was able to retain second place, well ahead of host Williams, which was followed by Middlebury, Trinity, Wesleyan, Bates and Colby. Finishing among the top ten individuals were Hamilton players Dennis Williams, who finished ninth, and first year Marc Simon who finished tenth.

Men's Lacrosse

On April 30, the men's Lacross team finished the season with a 19 8 thrashing of Siena, giving Hamil ton a 6-5 final record. The Sien victory concluded a season marke by inconsistancy, one in whic Hamilton failed to win any mor than two consecutive games. Th Continentals opened the seaso with a disheartening 13-12 overtim loss to top-ranked Wooster, an subsequent losses to Williams an Hartwick left the Buff and Blue wit a 2-3 record at the midway point c the season.

On April 13, Hamilton bat tered Potsdam 15-10, initiating 10-day stretch in which the tear won three of four games, includin victories over Oneonta an Oswego. The latter featured game-winning goal by Dan Molna with less than three minutes remain ing.

Varsity Lacross Roster: David Gardne Chan Gammill, Chris Wallace, Bria Turner, Slater Carbury, Nels Fugelsan Clayton Hale, James Cambell, Chris Rock well, Jon Kuhe, Sam Kosoff, Adam Uzela Chris Siddon, Mike Butler, Jamie Butle Peter Reed, Tim Hannen, Andrew Le

Women's Lacrosse

The Continentals charged into the New York State Women's Collegiate Athletic Association (NYSWCAA) Championships on April 27th by resoundingly defeating Hartwick 15-4 on Love Field. Senior middie Pam Johnson scored six goals and garnered a pair of assists in her final home game, while classmate Jessica Fraker found the net three times. Johnson's scoring mission began just seventeen seconds into the game as she helped Hamilton cruise to a 5-0 lead and a 9-1 edge by the half. Sophomore middie Sarah Burke assisted three times, while three attackers, senior Jessie Toland, junior Emily Helm and sophomore Joanie Mendelson all netted their 15th tallies of the season.

Softball

The Continentals finished their season on a winning note, after losing 13 consecutive ballgames, by beating SUNY Utica 15-11 on April 30. The team failed to achieve a winning record for the first time in the program's history, which began in 1985. Following a challenging season, Hamilton travelled to Utica for the season finalein a game which saw Continental pitchers yield just three hits but surrender 21 bases on balls. Rookie pitcher Carrie Kopriva led the offense with a triple, then, after tiring out on the mound, handed the ball to junior Andrea Perotti late in the game. "Andrea saved the game," said Coach Geri Knortz, referring to Perotti's sixth inning heroics, in which she struck out the side, paving the way for her team to score four times in the final inning and win 15-11.

Baseball Roster: Peter Wymard, Ray Lauenstein, Gordy Kaye, Paul Bastell, Jeff Foresman, Dave Harrison, Doug Fultz, James Potter, Matt Miles, Carlos Sagebien, Mark Vacca, Jason Pithie, Craig Mueller, Eric Macrina, Scott Imler, Brandon Collings, Andy Scott, Aaron Ketchum, Ed Baroszewski, Tom Hale, Lucas Watson

Baseball

A year ago, the Hamilton baseball team equalled an all-time school record with 11 straight wins and a final 12-5 record; this season, the squad was less fortunate, finishing the season with 12 consecutive losses. After winning the season opener, a 3-0 victory at Hartwick highlighted by tri-captain Pete Wymard's three-hit pitching, the Continentals dropped a doubleheader to powerhouse RPI before gaining their second and last win of the season in the opening game of a doubleheader with Rochester. James Potter, Hamilton's starting shortstop, led the Buff and Blue with four runs batted in, including a crucial three-run homer in the sixth inning that tied the game at eight. The Continentals eventually won, 13-8. Hamilton finished the season with just two wins, and fourteen losses.

Men's Rugby

In 1990-91 the Men's Rugby Club continued to exist for another year providing Hamiton students with an outlet for violent tendencies and an opprtunity to exercise vocal exibitionism at social gatherings (i. e. we hit people and sing crude songs).

Women's Rugby

The past two seasons Women's Rugby has had an incredible turnout with over fifty women each year! Although we are still struggling because of a lack of funding, our team has managed to uphold its reputation as being one of the most spirited and outgoing teams on campus! Since there are not many schools our size that have a rugby team, we are often forced to play larger schools with larger women!

Equestrian Club

The Hamilton College Equestrian Club was founded in the Fall of 1990 by Anna Potter and Lynn Schenck. The team has a solid twenty members, eleven of whom have competed on the Intercollegiate Horse Show Circuit this spring. Hamilton has sucessfully finished in the top ranks of the twenty regional teams. They ride out of the White Fox Farms in Clinton, under coaches Jean Raposa and Lynn Meili.

Men's Volleyball Club

This years Men's Volleyball Club was the first in Hamilton History to make it to the regionals, and took second place in the conference.

Crew

The1990-91 Crew season has proven to be full of continuing sdventures. Despite pathetic College support, a stolen motor, a NESCAC infraction, and various other mishaps, somehow our ever growing team continues to stay cohesive, energetic, and competitive. Very much to the joy of our many once-frostbitten rowers, plans are underway for the installation of Hamilton College Crew's first ever dock.

... The football field getting a pre-game blow-dry

Dear Seniors,

We have labored over these eighty some pages for the past semester. It has been a lot of hard, tedious work and we have invested many long hours, but in retrospect, it was a wonderful way to see our class the way it was; Together. We don' t mean together in the sense that we all agreed about the way things should be done. Instead, together in the sense of Time, and Time spent on the same piece of earth atop this hill. And together we shall be forever, like it or not, on a shelf or in a cardboard box, somewhere in some apartment, in some city, crystalized, cemented.

These are only shadows of what was, not what will be, so do not wear the pages thin with endless thumbing and pondering. This is but one volume in a series, somewhere near the beginning, with many tomes unopened, unnamed. We hope these pages will be a reminder of the days we have shared, not " Glory Days," but days that have prepared us to open new doors that will lead us to new worlds. This is merely a reflection of a becoming, not a being.

Editor's Note

In 1990, three friends of mine took on the yearbook. They asked me if I wanted to assist. No, I told them, that was the single extra-curricular activity with which I would rather die than become involved. Much work for little recognition. Nyet.

I was not alone in my conclusion; nobody else in the class of 1991 wanted to edit the book either. We had no editor as the schoolyear began. Somebody noted that our college had had a book for well over a century, and that we would be sorry if ours was the class that lacked one. Somebody else noted that once cross-country season ended, I would have less than my quota of way-too-many extracurricular activities. I was drafted. Many many hours later, and with the outstanding assistance of editors that include new and old friends, the class of 1991 does indeed have a book!

You don't care about the bad parts of being yearbook editor, and neither will I down the road. So let me acknowledge the best parts: getting to know the college and my class better through words and pictures. Seeing the dedication that a few other people shared to do it right. And finally, having a chance for the last word in enduring bound print.

Editors Hiemstra and Thackeray —Outta here!

Hamilton college was an interesting place during our time here; I hope that this book will serv to remind people of this, or explain it to them. It was a small, isolated academic community, and it ha its problems. Those who went here shared good times and bad. Most importantly, whether inside th classroom or without, they were surrounded by intellectual challenges.

Even during our senior week, many noted how serious petty disagreements had sometime become over the past four years. Issues such as whether fraternities should go co-ed, whether the colleg should divest, and how many "Y" s there should be in womyn challenged some and angered others. A times, friendships ended over disagreements.

With graduation comes a maturity and a sobering. The issues themselves pale. As time passe we may be tempted to contact those with whom we have differed here and express a respect for their con mitment even though we do not agree. And this would also be a time to say thanks.

"Thanks" because, both within and outside of the classroom, being challenged is what educatio is all about. The challenges that we have faced on a hill in Clinton will have prepared us for far greate ones in the outside world. But by *prepared*, I do not simply mean that they will have taught us to rais our guard — often the opposite is more important; if we can be ready to look beneath the surface an think about the other side; empathise with its origins; that is when we behave like educated persons

As I supervise the completion of this book, my college, my professors, and especially my clas are on my mind. I write with the sincere hope that they will see this and think of our Hamilton years dow the road. Thank you for assisting me in my four-year long Clinton catharsis. Take your academic an social lessons that you have learned here, *and* learn from our mistakes. Go far, that one day our yearboo will be a prized collector's item. Putting all but good will to rest and wishing you the very best,

Bill Thackeray

In Memoriam

Barely had our class arrived at Hamilton when one of its members was stolen from us. **Miriam Rita Jean** was killed in a car accident during our first Thanksgiving vacation. In her few months at Hamilton, Miriam left us with personal writings that can inspire us as we remember her.

FREEDOM
I write because I'm confused and seek to understand.
I sing because I'm alone and reach out to take a hand.
I wonder because I'm curious and feel I should know why.
I hurt because I'm human and this is why I cry.
I laugh because I'm joyful and this seems right to do.
I love because you're special and pray you love me too.
I live because of all these things I find everyday.
They tell me just what life's about and I listen to what they say.
To laugh, to love, to live and sing, oh yes, even to cry,
These simple gifts of freedom I will treasure till I die.

THE FUTURE
Hope for the future, don't dwell in the past.
Live in the present and make today last.
Pray for tomorrow, let your life live on.
Hope for the future cause today's gone.

-Miriam Rita Jean

Hamilton lost a friend of thirty-three years on May 1st. **James Bolton Davis**, the Burgess Professor of Romance Languages, came to Clinton in 1958. Davis helped to create the Hamilton in France program, and taught French language and literature.

Professor Davis was liked and admired by his students, and deserved our respect for his long dedication to teaching and to a single institution: Hamilton.
